

Online Ordering & Delivery Apps

Direct Integration with 100+ Delivery Apps

- Reduce the need for tablets
- Reduce order entry error
- Decrease labor costs
- Increase revenue potential

List of All Current Partners

Benefits:

- Integrate orders from over 100+ online and delivery apps directly to OVVI POS
- Orders get accepted and sent directly to the POS and kitchen printer
- Save costs by eliminating errors resulting from manual entry of orders
- Receipts print in the same format as walk-in customer orders, resulting in improved efficiencies
- Save by reducing labor costs, as the entry of orders into the POS is automated
- Constant adding more & more regional apps to serve nationwide.
